

Access to Information Act

Canada Foundation for Innovation
Annual report to Parliament

April 1, 2016 – March 31, 2017

INTRODUCTION

The purpose of the Access to Information Act is to extend the present laws of Canada to provide a right of access to information in records under the control of a government institution. This is in accordance with the principles that government information should be available to the public, that necessary exceptions to the right of access should be limited and specific, and that decisions on the disclosure of government information should be reviewed independently of government. This report has been prepared in accordance with section 72 of the Access to Information Act. The Canada Foundation for Innovation's (CFI) annual reports are tabled in Parliament in accordance with section 72 of the Access to Information Act.

Created by the Government of Canada in 1997, the CFI strives to build our nation's capacity to undertake world-class research and technology development to benefit Canadians. Thanks to CFI investment in state-of-the-art facilities and equipment, universities, colleges, research hospitals and non-profit research institutions are attracting and retaining the world's top talent, training the next generation of researchers, supporting private-sector innovation and creating high-quality jobs that strengthen Canada's position in today's knowledge economy.

The infrastructure funded by the CFI includes the state-of-the-art equipment, laboratories, databases and buildings necessary to conduct research. This infrastructure fosters collaboration among the academic, private, public and non-profit sectors on a wide range of research projects and across many disciplines. Although the CFI is not alone in supporting innovation in Canada, it is the country's leading funding organization dedicated exclusively to supporting advanced research infrastructure.

2016-17 ACTIVITY

The CFI became subject to the Access to Information Act (ATIA) in 2007. Nevertheless, from the CFI's inception in 1997, it has followed the spirit of the ATIA with respect to requests for information. Thus the principles of openness, transparency and public accountability, which are central to the ATIA, are deeply embedded within the culture at the CFI.

During the last year, the CFI received one formal request for information under the ATIA. In addition we received two informal requests, four consultations from other government institutions and two Parliamentarian question requests that involved ATIA information.

ACCESS TO INFORMATION AND PRIVACY (ATIP) OFFICE AND REPORTING STRUCTURE

The Vice-President of Finance and Corporate Services has overall delegated responsibility for the administration of the ATIA laws within the CFI. Day-to-day activities and operations related to the ATIA are coordinated by the Director of Corporate Services who reports directly to this Vice-President. The Director is assisted by the Manager of Administration and by an external consultant who has expertise on access and privacy issues within the context of the research environment. Effectively, these CFI officials collaborate part-time to manage a small ATIP office with the following role and mandate:

- Responding to formal ATIA requests and consultations;
- Promoting awareness of the ATIA within the CFI through timely communications, training sessions, new staff orientation sessions, regular staff meeting updates and individual consultations;
- Ensuring compliance with the ATIA by developing and implementing effective policies and guidelines;
- Developing expertise through formal training opportunities, attending ATIP community events and conferences and establishing network contacts;
- Representing the CFI on all official Access to Information business including liaising with the Information Commissioner and the Treasury Board Secretariat; and,
- Completing annual reports to Parliament, annual statistics and updates to Info Source publications.

DELEGATION ORDERS

The President of the CFI has delegated certain ATIA responsibilities to the aforementioned ATIP officials. The specific level of authority delegated to each official is presented in the table found in Annex A.

STATISTICAL REPORT AND INTERPRETATION

The CFI received one formal request under the ATIA in 2016-17, which is slightly below its 10 year average of 2.6 requests per year. The CFI has received a total of 26 requests since becoming subject to the ATIA in 2007 as summarized in Table 1.

Table 1 Summary of ATIP requests received by year

2007	2008	2009	2010	2011	2012	2013	2014	2015	2016	Total	Avg./year
5	2	1	6	2	4	4	0	1	1	26	2.6

Based on the last 10 years of data, Table 1 indicates that we should expect on average between two and three ATIA requests per year. The number of requests we have received per year ranges between a low of zero and a high of six. Our analysis indicates that ATIA requests are likely submitted independently of CFI business activity since there does not appear to be a direct correlation between the number of requests received in a given year and the CFI competition cycle. This analysis is further supported by the fact that of the 26 requests that have been submitted to date, there are no requests specific to a particular award decision or the evaluation process involved. This is likely attributable in some measure to CFI's proactive approach to disclosure. Since its inception, it has been the CFI's practice to informally provide applicants with full and timely feedback instead of waiting for formal requests for information. The CFI always communicates our competition results publicly and all funding decisions and written expert reports are released to the institutions within a few days of a Board decision.

The CFI is pleased to provide comments on our statistical report for 2016-17 which can be found in Annex B of this report. The CFI received one formal ATIA request during the last year

which was submitted by private industry and our response was completed within 30 days. The CFI disclosed 445 pages in response to this request which was disclosed in full. In addition, the CFI received two informal requests and four consultations from other government institutions during the last year. Both informal requests were completed within 30 days and all four consultations were completed within 15 days. The four consultations were recommended for full disclosure. The CFI did not receive any consultations on Cabinet confidences during this period.

Total costs associated with all aspects of administering the ATIA for the reporting period are estimated at \$6,970. These costs include salaries of \$6,744 and Goods and Services of \$226. There were three CFI employees and one consultant dedicated part-time to ATIA activities during 2016-17.

EDUCATION AND TRAINING ACTIVITIES

The CFI provides an overview of ATIP principles to all new CFI employees as part of our orientation documentation. During the last year, the CFI did not organize any corporate-wide ATIP training sessions since most staff had participated in training sessions two years previously. Needless to say, the ATIP staff is always available to all CFI employees for consultation and assistance. As part of our ongoing training, the ATIP office personnel participates in the ATIP community meetings.

ACCESS TO INFORMATION POLICIES

The CFI did not introduce any significant new access to information policies during this reporting period. However, as part of a website refresh exercise, we reviewed and updated our existing webpages regarding access to information statements and privacy which are available to the general public.

COMPLAINTS AND INVESTIGATIONS

There were no complaints made to the Information Commissioner about the CFI during this reporting period.

ACCESS TO INFORMATION REQUESTS PROCESSING TIME MONITORING

The Director of Corporate Services tracks and records the time required to process each ATIA request as well as the elapsed time to complete the request. This is done individually for each request and timely status updates are reported to the Vice-President of Finance and Corporate Services as the requests are being processed. Similarly, whenever an extension is required to complete a request, the Vice-President is informed. Updates are presented at each Board meeting on the ATIA requests completed since the last meeting, as well as the date of completion. The Director of Corporate Services compiles all the processing times for individual ATI requests and reviews this annually with the Vice-President of Finance and Corporate Services before completing the Annual Statistical report (see Annex B).
